

Sir, Madam

The recent moves by
Sinclair
Broadcasting remind
me of the tactics
that the Media use
in the so called
"Free" elections in
countries such as
Iran and Russia. I
know this from first
hand experience, as
I am a U.S. citizen
who immigrated to
get away from that
kind of "Free"
election. I am
shocked to see that
the United States,
the torch bearer of
freedom in the
world, is allowing
its Media to sink to
the level of
propaganda machines
in the hands of the
few powerful groups.

For the sake of
democracy and
freedom (whatever is
left of of them)
stop this shameful
propaganda!
